Proceedings of the Government of Mysore,

READ :—

Letter dated 30th July 1895, No. 15, from the Deputy Commissioner of the Kadar District, submitting the explanation called for in Government Proceedings, dated 17th idem, No. 863-6—L. F. 171-94, in regard to the Municipal Budget Estimates of the Sakrepatna town for 1895-96.

No. 3066-9—L. F. 171-94, DATED, BANGALORE, 3RD SEPTEMBER 1895.

ORDER THEREON.—The Comptroller is requested to credit the Municipality of Sakrepatna with the entire collections of house and mohatarfa taxes made in the year 1894-95. The sum thus creditable to the Municipality, *viz.*, Rs. 320, has already been sanctioned in Government Proceedings, dated 17th July 1895, No. 863-6—L. F. 171-94, as the opening balance for the current year.

2. A provision of Rs. 60 made in the Budget on account of a pound-keeper was disallowed in Government Proceedings, dated 17th July 1895, No. 863-6—L. F. 171-94, on the ground that the estimated revenue from the cattle pound was small. The Deputy Commissioner now says that the peon is required to watch not only the cattle pound, but also the Honda, to prevent the water from being fouled, and that the Patel is willing to supervise the pound without remuneration, and therefore again recommends the employment of a peon on Rs. 5 per mensem. The proposal is sanctioned. The necessary provision will be made in the Budget for 1895-96.

3. The list of members proposed for the Sakrepatna Municipality will be approved. But before their names are published in the Gazette, the Deputy Commissioner's attention is invited to para 9 of Government Proceedings, dated 17th July 1895, No. 863-6—L. F. 171-94, and he is requested to submit also a list of *ex-officio* members for the said Municipality.

Letter, dated 2nd July 1895, No. 5, from the President of the Bangalore City Municipality, stating, with reference to Government Proceedings, dated 21st March 1895, No. 15366—L. F. 40-92, that the words "a shop or a ware-house of the rental value of Rs. 150" may be added after the words "a house" in the 1st line, clause (c) of the Election Rules No. 5.

2. Letter from the President of the Mysore City Municipality, dated 26th July 1895, No. 14, stating, with reference to the above Proceedings, that all persons who pay a rent of Rs. 150 per annum for the buildings rented by them for keeping shops therein may be declared for election for Municipal Commissionership.

3. Letter, dated 20th August 1895, No. 3249, from the 1st Assistant to the Resident, forwarding three copies of the Municipal Election Rules now in force in the Civil and Military Station.

No. 3084-5—L. F. 40-92, DATED, BANGALORE, 3RD SEPTEMBER 1895.

ORDER THEREON.—A copy of the Election Rules received with 3rd of the letters read above, and an extract of para (c) from the Madras Election Rules, will be forwarded to the Presidents of the Bangalore and Mysore City Municipalities, who are requested to state whether clause (c) para 4 and clause (d) para 6 of the Election Rules published with Government Notification No. 306, dated 28th November 1891, as amended by Notification, dated 22nd April 1892, No. 29—L. 222, may not be further amended as shown below :—

For clause (c) para 4 substitute the following :—"have paid, for the year preceding that in which the election takes place, Municipal rates or taxes or Government land revenue or Mohatarfa credited to the Municipality in respect of such year to the aggregate amount of not less than Rs. 30, or have been for the twelve months preceding the year in which the election takes place, the occupier as owner, tenant or mortgagee of a house, shop or other building

assessed at an annual rental of not less than Rs. 100. Provided, that when an undivided Hindu family or Company has fulfilled the conditions prescribed in this clause, only one member thereof shall be eligible, as representing such family or Company to be elected a Commissioner."

For clause (d) para 6 substitute the following :—

"have paid for the year preceding that in which he votes, Municipal rates or taxes, or Government land revenue or Mohatarfa credited to the Municipality in respect of such year to the aggregate amount of not less than Rs. 10, or of not less than Rs. 5, if he is a graduate of a University, or have been on his own account, or as a Secretary of a Corporation, for the twelve months preceding the year in which the election takes place, the occupier as owner, tenant or mortgagee of a house, shop or other building in the Division for which he desires to vote, assessed at an annual rental of not less than Rs. 30."

2. If the rental value in clause (e) of Rule 5 be raised to Rs. 150, as suggested by the Mysore City Municipality, it is a matter for consideration whether the amount fixed in clause (d) of Rule 6 may not be raised to Rs. 50. The opinions of both the Municipal Boards are invited on this point also.

Letter dated 21st August 1895, No. 4108, from the Chief Engineer in Mysore.

In reply to Government Proceedings No. 19499-500—L. F. 1-94, dated 7th May 1895, in which my opinion is asked on the application made by the President, Mysore City Municipality, for an annual allotment of Rs. 15,000 from Provincial Funds for the improvement and maintenance of the roads in the Mysore City, I have the honor to inform you that I consider the demand exorbitant, and that half of what is asked for should suffice, if only care and good management are insisted on, it being remembered that the grant is to be annual and continuous.

II. I annex copy of my remarks of the 15th June 1895 on the subject, and of the reply thereto by the Executive Engineer, Mysore Division, (No. 3240-348, dated 16th instant) with whose conclusions I cannot agree. Of course, the Mysore City roads ought to be maintained in constant first class order; but under proper supervision, this could certainly be done at far less extravagant mileage rates than those estimated.

III. I would here remark that from recent proceedings it would appear that the Municipality wish to dispense with the services of Assistant Engineer Mr. Sundaram Iyer, whose services were placed at their disposal since June 1893, and to entertain a new Municipal Engineer on less pay and, it follows, of less experience and capability. There is some inconsistency in my mind in proposing at the same time to double the outlay on the City roads and improvements and to entrust that work to a raw new hand, having no knowledge of Mysore and its requirements, simply for the sake of a saving, paltry perhaps as compared with the enhanced work and expenditure recommended.

IV. Enclosures are returned.

Remarks by Colonel C. Bowen, Chief Engineer of Mysore, dated 15th June 1895.

Rupees 700 a mile are asked for for some 20 miles (I suppose) of 1st class roads. This is more than 3 times what we give for those of our Provincial roads most subject to heavy traffic. And Rs. 1,000 to 1,200 a mile for 3 particular roads, along which, by the way, there will be very little heavy traffic.

This seems to me too absurd, although of course the width of metalling is much more than on our Provincial roads (and I think rightly so for a City).

The "life" of a road, $4\frac{1}{2}$ thick, is taken as 4 years—this is, considering the all round traffic in Mysore, surely far too short if decent metal is used. It seems to me an extravagant demand altogether, and nothing I know of justifies it.

Comparison with expenditure in other cities seems to me useless, the circumstances, distances, rates, material, &c., being probably entirely different.

Letter No. 3240—348, dated 15th August 1895, from the Executive Engineer, Mysore Division, to the Chief Engineer of Mysore.

I have the honor to acknowledge the receipt of your No. 2346 of 17th June last, forwarding with your remarks, papers relating to granting from Provincial Funds a contribution of Rs. 15,000 towards maintaining roads in the town of Mysore, and enquiring whether I had really considered the subject carefully.

2. In reply I have the honor to state that the subject had been carefully considered by me. In fact, the classification of the roads made by the Municipal Engineer was made in consultation with me, and the mileage rates entered by him for the different roads were fixed by myself. The rates for the first and second class roads especially may appear very high, but it should be considered that those roads are generally 30' and upwards in width, that the drainage of many of them is defective (it would be very expensive to improve it thoroughly) and leads for materials are long. Unless, therefore, money is given liberally, those roads cannot be kept up in thorough order all the year round.

3. The roads classed as first class are either those subject to very heavy traffic or over which His Highness the Maharaja and the gentry of the town drive in spring carriages.

4. For the Sayajee Row, Prince Victor, and Chamraj roads a mileage rate of Rs. 1,200 is proposed, because those roads, though not yet subject to very heavy traffic, require nevertheless very large amount, in that they are very wide (80' to 100') and consequently much damaged by rains. Moreover they being the most important roads in the town cannot be neglected in the least.

No. 3203 4—L. F. 1-94, DATED, BANGALORE, 5TH SEPTEMBER 1895.

ORDER THEREON.—The above letter with its enclosure will be communicated to the Municipal Board of Mysore. The Government agree with the Chief Engineer in considering that an additional expenditure of Rs. 7,500 is quite sufficient to keep the city roads in good order. The Board can easily spare this amount out of its balance for the current year.

2. In regard to the future, the Government consider that the Municipal Board of Mysore may improve its income by at least Rs. 10,000 under House and Mohatarfa taxes, having regard to the population, general resources and the character of the buildings of the city. A systematic and careful revision of the assessment of the taxes in the city cannot fail to yield a larger revenue for purposes of improvements.

Docket dated 19th August 1895, No. 194—21, from the Deputy Commissioner of Shimoga. With reference to para 13 of the Government Proceedings No. 832-6—L. F. 170-94, dated 16th ultimo, has the honor to request sanction of Government for the transfer of the amounts mentioned in the margin to the Public Works Department as Municipal share of contributions on account of the construction of Dispensary buildings at Sagar and in-patient wards to certain other Dispensary buildings in the District.

	Rs.
1. Tirthahalli	377
2. Sagar	640
3. Sorab	276
Total	1,293

Estimates for these works have already been sanctioned in the Public Works Department.

No. 3324-6—L. F. 170-94, DATED, BANGALORE, 9TH SEPTEMBER 1895.

ORDER THEREON.—The Deputy Commissioner's proposal to transfer the marginally noted items to the Public Works Department on account of the Municipal share towards the construction of Dispensary buildings at Sagar, Sorab and Tirthahalli is sanctioned.

	Rs.
1. Tirthahalli	377
2. Sagar	640
3. Sorab	276
Total	1,293

2. The cost will be met from the provisions made for the purpose in the current year's Municipal Budgets of these towns, which have been sanctioned and are being printed.

Docket dated 28th August 1895, No. 233—27, from the Deputy Commissioner of the Shimoga District, stating, with reference to Government Proceedings, dated 11th July 1895, No. 536-7—L. F. 28-91, that an Eurasian midwife on Rs. 30 per mensem was entertained for the town of Shimoga in accordance with the resolution of the Municipal Board, and suggesting that the question of the reduction of the midwife's pay be deferred till a permanent vacancy occurs in the appointment.

No. 3436-8—L. F. 170-94, DATED, BANGALORE, 10TH SEPTEMBER 1895.

ORDER THEREON.—Under the circumstances stated in the above, the Government are pleased to sanction the disbursement of Rs. 30 per mensem to Mrs. M. Colquhoun as a special case. But the pay of the post should be reduced to Rs. 15 per mensem when a vacancy occurs. The previous sanction of the Government should have been obtained before the present appointment was made.

2. The provision of Rs. 360, made in the current year's Municipal Budget of Shimoga on account of the pay of the midwife, will now be passed.

Letter No. 67, dated 2nd August 1895 and No. 118, dated 25th August 1895, from the President of the Mysore City Municipality with enclosure.

With reference to your official Memo No. 742—L. F. 4-95, dated the 15th July 1895, calling for a report on the Petition of Guli Sidda and others about fishing in the Doddakere tank in the town of Mysore, I beg to state as follows:—

2. The petitioners used to catch fish in the said tank, but on receipt of Government order No. 40—D. H. O. of the 30th November 1894, fishing in all the tanks in Mysore was prohibited and notice boards to that effect fixed. It is against this that the petitioners have now complained. While on this subject I beg to state that when certain persons did fish in the said Doddakere tank notwithstanding the prohibition and the City Magistrate of Mysore convicted them of theft, the Chief Court quashed the conviction on the ground that the fish caught could not be said to have been in any body's possession. I therefore beg to know what should be done if the fishing be repeated.

3. The petition under report is enclosed.

Letter No. 1188, dated 28th August 1895, from the President of the Mysore City Municipality.

As required in your docket No. 2375—L. F. 4-95, dated the 17th August 1895, I beg to submit herewith a copy of Government Order No. 40—D. H. O., dated the 30th November 1894, prohibiting fishing in all the tanks in Mysore.

Order No. 40—D. H. O., dated Camp Mysore, 30th November 1894.

1. Fishing in tanks in Mysore City is strictly prohibited. The prohibition should be duly recorded, and enforced by the Deputy Commissioner.

2. The acquired catchment area of Kukarhalli tank should never again be given out for private occupation, nor should any gravel or other pits be allowed in this area, under any circumstances whatever.

3. List of open spaces at the disposal of the Municipality, or the Government, within Municipal limits, which are required to be kept as open public grounds, should be duly maintained.

No. 3498-508—L. F. 4-95, DATED, BANGALORE, 11TH SEPTEMBER 1895.

ORDER THEREON.—Adverting to para 1 of the first of the letters read above the President will be informed that an endorsement has been granted to the petitioners, that Government decline to re-consider the case.

With regard to the ruling of the Chief Court referred to by the President the facts of the case quoted are not before Government, nor has a copy of the ruling or decision of the Court been submitted for information. The legality of a Court's decision cannot be questioned by the Government in its executive capacity. Should, however, a similar question arise hereafter and the prosecution fail, the President may refer the matter for instructions when the opinion of the Government Advocate will be obtained, if necessary, and such further action as may be deemed proper, taken.

No. 3361-71—L. F. 129-94, DATED, BANGALORE, 7TH SEPTEMBER 1895.

ORDER THEREON.—In modification of the orders issued from time to time in regard to the execution of Municipal and Local Fund Works by the respective Departments, the following procedure is laid down for the guidance of the Presidents of the Municipal and Local Fund Boards.

1. Works proposed to be undertaken by Departmental agency should, as heretofore, be shown in the annual Budgets separately from those to be executed by the Public Works Department.

2. As the former Works are mostly of a character that local mestris or petty contractors can carry out, the Department concerned ought to be able to initiate and execute them.

3. The existing rule requiring Executive Engineers to countersign all estimates costing Rs. 200 and upwards may be discontinued in future. But in all special cases, the Deputy Commissioners are competent to take the advice of the Executive Engineers, who will be expected to furnish the necessary plans and estimates in such specially referred cases—the number of which will, it is hoped, be very few.

4. The Government trust that the above procedure will meet present requirements. The attention of Deputy Commissioners is invited to the orders conveyed in Proceedings No. 2101-12—L. F. 379-92, dated 12th August 1895, and they should moreover endeavour to secure the active co-operation of the members of the various Municipal and Local Fund Boards in the supervision and execution of Works of local importance in which they would be expected naturally to take interest.

Letter dated 26th August 1895, No 929—191, from the Deputy Commissioner, Kolar District.

With reference to Government Proceedings No. 1693-5—L. F. 420-92, dated 2nd instant, anent the Water-supply project of the Chintamani town, I have the honor to submit the prescribed agreement for re-payment of the loan given to the said Municipality and a supplemental Budget providing Rs. 8,148 and Rs. 1,000, on the credit and debit sides respectively, as called for in the Proceedings under reply. The sum of Rs. 1,000, includes interest at 4 per cent on the loan and the balance is to go towards the liquidation of the sum of Rs. 8,148, being the moiety of the sanctioned amount. By the annual payment as above proposed, it is hoped that the total amount of the loan with interest will be liquidated in about ten years' time

No. 3560-2—L. F. 420-92, DATED, BANGALORE, 12TH SEPTEMBER 1895.

ORDER THEREON.—The agreement received with the above will be forwarded to the Chief Engineer.

2. The supplemental Budget submitted by the Deputy Commissioner is sanctioned on the understanding that the whole amount of the estimate for the Water-supply project will be worked out before the expiration of 1895-96.

Letter, dated 11th September 1895, No. 281, from the Deputy Commissioner of the Hassan District:—

With reference to para 4 of Government Proceedings No. 662-7—L. F. 169-94, dated 13th July last, I have the honor to state that the sum of Rs. 60 entered in the Budget was for contingencies of the Vice-President's office, and not for that of the President's office. It may therefore be allowed to stand.

2. As regards the observation in para 5, I beg to add that the Municipality consists of the village of Alur, its petta and the village of Marasu, 1½ miles from the petta. Besides a large market is being held there every week. The Shanbhog cannot, therefore, attend to collection without inconvenience to his own legitimate work. The Board, in the first instance, considered that the collection work would suffer (especially Octroi), and proposed the entertainment of a separate hand which was accordingly sanctioned by Government.

3. I beg, under the circumstances, that you will be pleased to obtain sanction of Government to the retention of the Mutsaddi on the present pay of Rs. 8 per month.

No. 3936-7—L. F. 169-94, DATED, BANGALORE, 23RD SEPTEMBER 1895.

ORDER THEREON.—Under the circumstances now stated, a sum of Rs. 60, out of Rs. 66 disallowed in para 4 of Government Proceedings dated 13th July 1895, No. 662-7—L. F. 169-94, will be entered in the Budget of the Hassan Municipality under "II. Head Office" on account of contingencies of the Vice-President's office at Hassan.

2. For reasons assigned by the Deputy Commissioner, the Government are pleased to sanction the retention of the Mutsaddi on Rs. 8 per mensem to look after the collection of Octroi and Mohatarfa taxes at Alur as heretofore.

2. The Deputy Commissioners are requested to see that all such reports from the officers subordinate to them are received in time, compiled and sent to this office on or before the 20th of the month following the quarter to which they relate.

3. The attention of the Deputy Commissioner of Mysore is drawn to para 2 of Government Proceedings No. 22275-82—R. 3210, dated 29th May 1895, and he is requested to see that the future statements are submitted in accordance with the explicit instructions therein laid down.

4. The attention of the Deputy Commissioners of Kolar, Tumkur, Mysore, Shimoga and Kadur is drawn to the remarks noted against the names of officers in their Districts.

Letter No. 88, dated 29th July 1895, from the Deputy Commissioner of the Kadur District, re Gomal lands Nos. 148 and 40 of the Mathinkoppa and Madabur villages, respectively, in the Yedalalli Sub-Taluk.

No. 2721-29—R. F. 7—95-96, DATED, BANGALORE, 5TH SEPTEMBER 1895.

ORDER THEREON.—In Government Proceedings No. 19777-8—R. F. 2-93, dated 16th May 1894, sanction was accorded to 47 acres and 20 guntas of land out of Gomal No. 148 of the Mathinkoppa village, being appropriated for coffee cultivation. The applicant Bangalore Basappa himself purchased the said land for Rs. 480. But instead of taking possession of and cultivating the land thus sold to him, Basappa is reported to have made a *bona fide* mistake and brought

under cultivation only a small portion of that land, *viz.*, 11 acres and 17 guntas, and a large portion of the adjoining land Gomal No. 40, of the Madabur village, *viz.* 49 acres and 14 guntas. This mistake was discovered when the last mentioned number was re-surveyed recently in connection with one Khasim Sahib's application for 40 acres of land out of it.

2. The Deputy Commissioner now recommends firstly, that a plot of 49 acres and 14 guntas out of No. 40 of the Madabur village be granted to Bangalore Basappa who is already in possession of it; and secondly that another plot measuring 49 acres and 38 guntas out of the same number be likewise permitted to be appropriated for coffee cultivation.

3. The circumstances detailed above, render it necessary to reduce the grant sanctioned in the Proceedings quoted above, from 47 acres and 20 guntas to 11 acres and 17 guntas. This reduction is accordingly ordered and will be duly given effect to by the Deputy Commissioner in communication with the Superintendent of the Revenue Survey.

4. The proposed grant of 49 acres and 14 guntas to B. Basappa out of No. 40 of Madabur village would give that individual 60 acres and 31 guntas in all, instead of the 47 acres and 20 guntas which is all that he paid for. Though strictly speaking he is not entitled to the exchange proposed, the Government are unwilling to disturb him from possession of a piece of land which he seems to have brought under cultivation in good faith and under a misapprehension. The grant recommended is therefore sanctioned on the distinct understanding that Basappa not only pays up the arrears of assessment due for the excess of 13 acres and 11 guntas but also pays the value thereof calculated at the rate already levied from him.

5. The allotment for coffee cultivation of an additional area of 49 acres and 38 guntas out of the said Survey No. 40 of the Madabur village, is also sanctioned with the direction that the same be disposed of under the Coffee Rules.

6. The Deputy Commissioner is requested to report what the existing practice is in his District, and why any land should be sold at all before its actual extent and boundaries are correctly ascertained. If the practice of first selling lands on Katcha Phod and afterwards getting the Pakka Phod made, still obtains in the Kadar District, the Government wish to be informed why this practice should not be discontinued. It is believed that the number of mensurers now employed in the District is sufficiently large to enable *phod* applications being promptly and satisfactorily attended to without giving rise to mistakes and complications of the kind now brought to notice.

Gulliford, Wesleyan Mission, Hassan, of a building site, measuring 10 x 8 yards, in the newly formed Gam Tana of the Bommenahalli village, Kadar Taluk, for constructing a grant-in-aid school.

No. 2862-9— R. 1105, DATED, BANGALORE, 6TH SEPTEMBER 1895.

ORDER THEREON.—Under the circumstances stated, the free grant of the land alluded to in the above is sanctioned, subject to the condition that it shall be used for the purpose for which it is granted, *viz.*, a school building. This fact should be enquired into at the time of the Khaneshumari every year, and a note entered in Village Form No. 11 that the condition is being duly observed.

Correspondence ending with docket No. 8—6, dated 2nd July 1895, from the Deputy Commissioner of the Kolar District.

No. 2989—R. F. 10-95, DATED, BANGALORE, 9TH SEPTEMBER 1895.

ORDER THEREON.—With the above, the Deputy Commissioner re-submits for sanction a statement giving the particulars of Kodagi quit-rent and assessment to be remitted, consequent upon the re-settlement of Kodagi Inams in the Srinivasapur Sub-Taluk.

2. The quit-rent and assessment brought on the accounts as per original settlement in the 62 cases referred to was Rs. 11,173-11-7, out of which a sum of Rs. 8,062-6-3 is stated to have been collected, leaving an outstanding balance of Rs. 3,111-5-4 of which Rs. 7-1-11 is all that is really leviable. The amount leviable under the revised settlement being Rs. 6,569-4-0 it is proposed to refund to certain Kodagidars the excess collections amounting to Rs. 1,500-4-2 made from them, and to strike off the accounts the outstanding balance minus Rs. 7-1-11 still remaining to be recovered.

3. In according sanction to the remission of the outstanding balance amounting to Rs. 3,104-3-5, Government observe that the Deputy Commissioner's explanation, as regards the improper inclusion of case No. 13 in the statement submitted by him, is not satisfactory. This is an item which involved no remission, but was, nevertheless, shown in the statement of remissions recommended. The mistake is a serious one and could have been easily discovered if the statement had been properly scrutinized in the Deputy Commissioner's office. The Deputy Commissioner should take such steps as may be necessary to avoid a repetition of such mistakes in future.

4. The fact, that the Kodagi Inam involved in case No. 46* was subsequently revised on $\frac{1}{4}$ th quit-rent, should have been reported before the discrepancy was pointed out by this office.

5. The quit-rent leviable in cases Nos. 20* and 22* was, for a series of years, omitted altogether from the Jamabandi accounts, and no explanation is forthcoming as to why this should have been done. With a little care and scrutiny on the part of Taluk and District Jamabandi officers such omissions could easily be guarded against.

6. A bill giving the usual particulars for the refund of the excess collections made from certain Kodagidars should be submitted for the orders of Government with the usual Treasury certificate, and no further time should be lost in recovering the outstanding balance of Rs. 7-1-11.

Docket No. 119, dated 31st July 1895, from the Deputy Commissioner, Hassan District submitting for sanction a refund bill for Rs. 12 in favor of Kalegauda, Patel of Siddahalli village Hojé-Narsipur Taluk.

No. 2977-8—R. F. 21-95, DATED, BANGALORE, 9TH SEPTEMBER 1895.

ORDER THEREON.—The right of fishing in tank No. 45 of the above village was sold to one Kalegauda in public auction in consideration of his either executing 192 cubic yards of earthwork to the tank, or of paying Rs. 12 in cash; Kalegauda not only deposited Rs. 12, but also executed earthwork to the tank to the extent stipulated. Instead of being returned to him the deposit was erroneously credited to Government. Hence the refund bill, which is accordingly sanctioned and passed on to the Comptroller for audit.

2. It may be observed that the procedure adopted in this case was a novel one. Under the rules, if a tank is maintained by the raiyats, the right of fishing is given to them free of payment; otherwise it is sold. A sale for an alternative consideration, such as the one held in this case, is open to objection.

3. Work, such as is carried out, may often be found useless, and, if the silt cleared is thrown loosely over the bund, may be deemed objectionable.

Correspondence ending with docket No. 776—151, dated 12th August 1895, from the Deputy Commissioner, Kolar District, submitting further information in connection with the grant for cultivation purposes of Survey gomal Nos. 27 and 28, in the Subbenahalli village of the Chikballapur Taluk, and asking for a definite ruling as to whether, in cases where gomal lands are applied for and the grant thereof is opposed by the villagers though the remaining portion is sufficient to meet the requirements of the village, such objections are to be overruled in the interests of Government.

No. 3092-99—R. 1209, DATED, BANGALORE, 11TH SEPTEMBER 1895.

ORDER THEREON.—In this case, the villagers object to the grant of the lands applied for and deny having executed the Mahazar, dated 31st May 1892. The Extra Assistant Commissioner, who has inspected the locality, is of opinion that the raiyats would be put to inconvenience if the lands were granted for cultivation. The Government are of the same opinion. Under these circumstances, the Dar-khast for Survey Nos. 27 and 28 should be refused, and the Deputy Commissioner should take such action as may be necessary in regard to the fictitious Mahazar remarked upon by the Sub-Division Officer.

2. The object of the Deputy Commissioner's reference in regard to a general ruling on the subject of gomal lands is not understood. When each case calls for the exercise of discretion and judgment it is plain that no hard and fast rule can be laid down for general guidance. Each case must be decided on its own merits, and in order to guide the Government in arriving at a proper decision Deputy Commissioners are expected to give the full facts of the case and their own opinion properly formed.

marginally noted Kayangutta and Jodi villages in the Hunsur Taluk for arrears of local cess due thereon.

No. 3065-7—R. 1196, DATED, BANGALORE, 11TH SEPTEMBER 1895.

ORDER THEREON.—Of the five villages above named, the first three are Kayangutta villages, while the other two are Jodi. In the case of the Kayangutta villages, local cess appears to have been demanded on the Benz, while the same is chargeable on the gutta amount under Rule XVIII of the Survey Guarantee as modified by Government Proceedings No. 3786-95—101, dated 1st September 1887. The Deputy Commissioner is accordingly requested to make the necessary reduction in the demand shown against these villages.

2. If the Kayanguttadars and Jodidars are still in arrears, the villages concerned should either be forfeited and sold, without reference to this office, under Section 159 of the Land Revenue Code, or taken under Government management with the previous sanction of Government, under Section 165. In the present case, the Deputy Commissioner while asking for permission to attach and sell the villages in question quotes Section 165 which is clearly inapplicable. No sanction has been solicited for taking the villages under Government management, nor has any necessity been shown to exist for such a step being taken.

Letter No. 186, dated 11th August 1895, from the Deputy Commissioner, Hassan District, soliciting sanction to the appropriation for cultivation purposes of the old village site measuring 3 acres and 5 guntas, and for building purposes of 3 acres and 29 guntas of land, out of Gomal Survey No. 59 of the Beehirak Somankote, attached to Annaikanahalli village, Harnahalli Hobli, Arsikere Taluk, and stating that as per orders of Mr. C. Madiah, the then Deputy Commissioner, permission was granted to the applicant Ranganayaka to appropriate the old village site for cultivation on condition of his paying such assessment as might be fixed by the Survey department, and that the value of the gomal land (applied for building purposes), at Rs. 1 per 100 square yards, was also recovered as per orders of Mr. Syed Nasiroddin from the applicants viz., Ranganayaka and three others who had erected houses thereon.

No. 3254-55—R. F. 5-95, DATED, BANGALORE, 16TH SEPTEMBER 1895.

ORDER THEREON.—Under the circumstances stated, the appropriation for cultivation purposes of the old village site referred to above is sanctioned, the assessment leviable thereon being fixed in communication with the Superintendent of Revenue Survey in Mysore.

2. Sanction is also accorded to the appropriation for building purposes of 3 acres and 29 guntas of land out of Gomal Survey No. 59 alluded to above.

3. The Government regret to have to observe that the proceedings in their case have been both irregular and dilatory. The old village site was given away for purposes of cultivation without previous Government sanction which was indispensable. A gomal land was likewise, without a previous report to Government, given away for the construction of houses. This reference to Government has been made nearly five years after these two grants. Under the orders of the then Deputy Commissioner the building sites were first sold at one rupee per 100 square yards. After the recovery of the price thus fixed, and after the construction of houses, a higher price, viz., half an anna per yard was demanded from the raiyats concerned. Much time was lost in correspondence necessitated by this demand, which was subsequently waived. So far back as April 1892 very little more remained to be done, and yet the matter was not submitted for the orders of Government for three years afterwards.

Gomal Survey No. 31

No. 3252-3—R. F. 4-95, DATED, BANGALORE, 16TH SEPTEMBER 1895.

ORDER THEREON.—Sanctioned. The land in question will be sub-divided into convenient blocks and disposed of under the darkhast rules, the assessment leviable thereon being fixed in communication with the Superintendent of Revenue Survey in Mysore.

2. This is a very unsatisfactory case. In May 1888 the application of one Muddegunda for 5 acres of land out of gomal No. 69 was referred by the Survey Superintendent for the disposal of the Amildar. After some correspondence, all necessary information was obtained from the Shekdar in July 1889. The record does not show that any further action was taken in the matter. In December 1889 one Chelva applied for a portion of another gomal land No. 31. The Shekdar to whom the darkhast was referred, obtained a Mahazar from the villagers and submitted it with his report on 12th February 1890. This matter also was evidently lost sight of for nearly four years. At length in December 1893 the Amildar called for a consolidated statement in respect of the two darkhasts above referred to and of such others as might be pending disposal. He received it on the 28th of the same month, but took no notice whatever of it until the 7th of January 1895, when he, for the first time, submitted the two darkhasts for the orders of the Sub-Division Officer. Subsequently as suggested by the Sub-Division

Officer it was settled that the first darkhast for a portion of land No. 69 should be withdrawn, and that the alienation of the whole of No. 31 should be recommended to Government. It is evident that the long delay of seven years in the disposal of one of the darkhasts and of 5½ years in that of the other is entirely attributable to the negligence of the Taluk authorities, whose conduct does not seem to have been taken any notice of either by the Sub-Division Officer or by the Deputy Commissioner. Such delays in matters which require prompt attention are most undesirable and cannot be too strongly deprecated.

3. The omission to find out such pending darkhasts at the time of the annual examination of the darkhast registers, would lead to the inference that such examinations are not conducted by Jamabandi officers with that care and attention which the importance of the subject requires, and it is hoped that the Deputy Commissioner will issue such instructions as will ensure a thorough examination of all the Taluk registers at the next Huzur Jamabandi settlement.

Correspondence ending with docket No. 1117—257, dated 10th September 1895, from the Deputy Commissioner of the Kolar District, submitting further explanation in connection with the item of Rs. 138-5-8 disallowed from the remission statement of the Malur Taluk in Government Proceedings No. 4306—R. F. 34-94, dated 6th December 1894.

No. 3432—R. F. 34-93, DATED, BANGALORE, 30TH SEPTEMBER 1895.

ORDER THEREON.—Government are not satisfied with the manner in which

1889-90... Ditto ...	21	13	1
1890-91.. Fine ...	91	10	4
Total ...	138	5	3

explanations have, from time to time, been submitted in this case. It was first reported that the remission involved in the case was Rs. 138-5-3 as per particulars shown in the margin, due to excess area shown in the defaulter's holding, but when explanation as to the nature of the fine imposed was called

for, it was represented that the fine referred to was the amount of kandayam charged at sugar-cane rate on the lands which were being enjoyed by the defaulter at a low rate of eight annas per kudu. This explanation not being clear, the Deputy Commissioner was, for the third time, called upon to submit in a given form a detailed statement showing the particulars of demand collection and balance. In submitting the statement called for, the Deputy Commissioner reports that the Amildar through a mistake entered Rs. 91-10-4 as fine instead of kandayam charged at sugar-cane rates, and that a further sum of Rs. 3-0-9, which was omitted through an oversight to be included in the original statement, has also to be written off the accounts. Thus the details and the amounts given in the original remission statement submitted by the Deputy Commissioner are incorrect, and the manner in which these important statements are prepared in the Taluk and transmitted to Government without proper scrutiny in the Deputy Commissioner's office is unsatisfactory. To enable the Government to deal with such references as speedily as the circumstances of each case may demand, it is of the highest importance that remission statements should be carefully prepared in the Taluk office and closely examined in the District office. In the present case, the Amildar instead of throwing the blame on the Gumastas should have satisfied himself that what he stated in his report was correct. He is now severely reprimanded and should be warned to be careful in future. It is also desirable that the Deputy Commissioner should see that better scrutiny is exercised in his own office in regard to these and other statements.

2. With these remarks, sanction is accorded to the outstanding balance amounting to Rs. 141-6-0 (at Rs. 17-10-9 per annum for eight years) being written off the accounts.

READ:—

Letter No. 159—132, dated 12th August 1895, from the Deputy Commissioner of the Shimoga District.

I have the honor to bring to your notice that Clause 9 of Rule 41 of the Mysore Land Revenue Rules seems to require a slight amendment. The Rule provides that when, in the case of land sold for arrears of revenue, there is good reason to suspect combination to prevent the value of the land being realized, the officer conducting the sale might bid on behalf of Government, whether there are bidders or not, up to an amount not exceeding the arrear due, and that when there are no bidders, the land may be bought in for Government for the upset price. This ruling appears to have been borrowed from Standing Order No. III of the Madras Revenue Board, extract from which is given in the margin. The difference between both consists in regard to the limit regulating the Government bid. The Madras rule fixes one year's assessment of the land as the limit, while the Mysore Rule allows the Government bid to go up to the amount of the arrears due which in many cases include assessments of two or more years.

Standing Order No. III.
"In the case of land sold for arrears of revenue when there is good reason to suspect a combination to prevent the value of the land being realized, the officer conducting the sale is authorized to bid on behalf of Government, whether there are bidders or not, up to an amount not exceeding the annual assessment of the land."

limit regulating the Government bid. The Madras rule fixes one year's assessment of the land as the limit, while the Mysore Rule allows the Government bid to go up to the amount of the arrears due which in many cases include assessments of two or more years.

2. It is not clear how an officer can bid up to the arrears when there are no bidders. It can only be done by raising his own bids without any competition from those present. And again, there can be no object to be gained in buying it in for the amount of arrears. Under the present rules, portions of the land on which the arrears are due are sometimes put up for sale in the first instance. If this is bid up to the arrears, the rest of the land will have to be given to the Khatedar free of all liability. Even if all the lands are sold, the Government loses the chance of proceeding against the defaulter personally or his other property when such a step may be justified by the circumstances of the case. And suppose for the sake of argument, that owing to some error or miscalculation, the amount of arrears has been exaggerated, can the Government refuse to refund the excess to the owner?

3. The course generally followed in such cases till these Rules were passed was to buy the land for the nominal price of one pie and to remit the arrears except when circumstances justified Government proceeding against other property of defaulter (*vide* Government Proceedings No. 213 of 27th September 1870.) This course would obviate the necessity of having recourse to the system of submitting bills for the purchase money for audit prescribed in the Comptroller's Circular No. 3267—25 of the 5th November 1890.

4. It is only in cases where there are low bids that there is any need for the officer conducting the sale to satisfy himself whether the lowness is the result of combination; and in order to counteract such combination he has to bid for the land on behalf of Government up to the amount of arrears. The words "whether there are no bidders or not" are thus inappropriate and may be omitted.

5. Again, there is apparently no necessity for buying the land in for the upset price when there are no bidders. At present the upset price is understood to mean the price at which the lot is valued in the sale proceedings, and the land is put up at that price. If no one follows this up, the highest bid offered by those present is then adopted by the officer till better offers are made. Thus when no bids are available, the upset price happens to be the estimated value. There is obviously no advantage to be gained in buying such lands for Government for anything higher than a nominal price. There is no fear of the lands being given out on mere Darkbust for three years after such sale, and it is scarcely likely that a valuable land would be left to lie idle with the risk of an outsider obtaining it, merely in consequence of any combination among the villagers. The words "for the upset price" may also therefore be omitted.

Comptroller's Circular No. 3267—25, dated 5th November 1890.

With reference to para 60 of the Proceedings of the Government of Mysore No. 6582-90—Cir. 136, dated 2nd September 1890, authorizing the purchase by Government of lands sold in payment of arrears of land revenue but for which there are no proper bids, I have the honor to state that for such purchases a bill in the form given in the margin, which will be printed and supplied later on, duly signed and certified by the Deputy Commissioner, should be furnished to the District Treasury for debit and credit in its accounts. Such charges will as directed be debited in the accounts of this office under a separate sub-head under "Land Revenue, Miscellaneous" to be styled "Purchase of lands by Government." The Deputy Commissioner should be careful to see that the amounts of such purchases are credited towards the arrears due by the land owners on account of whose default the lands were sold.

Clause 9 of Rule 41 of the Land Revenue Rules.

No. 3374-81—R. 1320, DATED, BANGALORE. 20TH SEPTEMBER 1895.

ORDER THEREON.—Ordered that the suggestion made by the Deputy Commissioner, Shimoga District, be communicated to the Deputy Commissioners of other Districts for opinion, and for a report in detail as to the practice existing in their Districts.

C. SREENIVASIENGAR,
Revenue Secretary.

To—The Deputy Commissioners of Districts.

READ THE FOLLOWING PAPERS:—

Letter No. 523—50, dated 6th September 1895, from the Inspector General of Forests in Mysore to the Revenue Secretary to the Government of Mysore.

With reference to Government Proceedings No. 19266—R. 2777, dated 1st May last, calling for a set of rules for the formation of Village Forests, I have the honor to submit for information copy of my Circular No. 705-12—17, dated 5th September 1893, to Deputy Commissioners of Districts, asking them to favor me with a draft of rules which they would propose for the maintenance of jungles allotted to villages at the Forest settlement, and to state that this requisition still remains to be complied with. I have now called upon them to hasten the submission of said rules embodying necessary provision for the formation of Village Forests generally with reference to Mr. Thumboo Chetti's definition of same, vide his note communicated with your No. 22936—R. F. 351-92, dated 13th June last.

2. I further beg to submit that I believe that the agriculturists of Maidan have not hitherto felt the want of separate Village Forests for themselves, save those that live in the vicinity of State Forests, and for whom necessary provision has already been made. Rajats and traders, where no special Village Forests exist for the former, get their supplies side by side from the District Forests which remain common to both. This measure has led to the gradual deterioration of such District Forests, and it is under contemplation to stop the issue of licenses to traders in Taluks where Depôts are established by the Forest Department for the sale of wood and bamboos. It would not therefore be inexpedient to form Village Forests where possible from portions of the existing District Forests and from unoccupied waste lands, and hand them over to the village communities for preservation and economical use of the same under certain conditions in shape of a few simple and practical rules. A Village Forest thus formed will have to be assigned to villages or groups of villages who have hitherto been exercising their customary privileges in the District Forest prior to its division or conversion of same into a Village Forest. In most cases it may be necessary for purpose of management to include in one block the forest

area of several contiguous villages. All fellings in a Village Forest for jaggery or arecanut boiling will have to be paid for, and the fees collected should be formed into a provident fund and utilized for the improvement of the Village Forest. The revenue from minor Forest produce, &c., in a Village Forest may as well be assigned for same purpose. These Village Forests should be regarded as indigenous institutions for the agricultural prosperity of the State.

3. In the Government Proceedings alluded to in para 1, it is further stated that "it was remarked in the last Dasara Representative Assembly that until Village Forests were formed, 'raiyats having no forest or jungle attached or assigned to their own villages should be allowed' to exercise their privileges in those of other villages." With reference to this, I beg to submit that a large number of villages in a District have no forests at all and the inhabitants of these villages do not exercise any right or privileges in forests situated in other villages; but provide themselves with necessary wood for agricultural implements, &c., from trees growing on their own lands or on those of their neighbors with their good will, and this is the case at least in Maidan Taluks. In the localities as above, the villagers might be induced to raise a forest for themselves by means of ploughing and sowing seeds of quick-growing trees to supply them with fuel and wood for their agricultural purposes. The seeds of Babool, Kugli and other hardy trees might also be sown or planted. There appears to be no complaint or demand from these villagers to be allowed to obtain their supplies of wood and bamboos from a jungle of another village. But the complaint is, I presume, from those distant villagers who were hitherto getting their supplies from a District Forest which was open to all, but from which they cannot now obtain their supplies owing to the forest having been brought under Conservancy Regulations after assignment of portions thereof at a Forest settlement to the villagers in the neighbourhood who have every right, and even on principle entitled, to have their requirements provided for. The portions thus allotted are under the protection of the villagers concerned, who are naturally averse to allow outsiders to exercise any right therein as prejudicial to conservancy.

4. If the remark above quoted refers to the restriction imposed by Government Notification No. 5832—R. P. 226-92 of the 25th September 1893, embodied in Government Proceedings No. 5822-31—R. P. 226-92 of the same date, of timber and bamboos obtained at favorable rates under the Raiyats' Privileges Rules in force in the Malnad Districts of Shimoga, Kader and Hassan, being used for the construction and repairs of farm buildings and dwelling houses in the village to which the forest is attached, I beg to represent that this restriction has done immense good in stopping all devastations by raiyats of different villages as brought to notice of Government in previous communications on the subject, and reported in paras 130 to 134 of my Administration Report for 1891-92 and paras 115 and 116 of the Report for 1892-93. The above observation would apply with greater force to the abuses committed by raiyats as regards agricultural implements as reported in para 55 of the Report for 1890-91. But the District Forests other than those dealt with at a Forest settlement are still open as regards agricultural implements to raiyats of other villages under para 6 of Raiyats' Privileges Rules: but upon the permission of the Patel of the village in which the District Forest concerned is situated. The damage or rather denudation caused by such outsiders has been brought to notice by the Representative Member of the Tankere Taluk at the last Assembly Meeting, *vide* discussion A, and the Dewan's reply against Subject No. 105. The complaint (*vide* B) of the same member as against the prohibition from cutting wood required for agricultural implements in the forests attached to other villages has been finally disposed of by the Dewan.

ENCLOSURE TO ABOVE.

Circular No. 705-12—17, dated 5th September 1895, from the Inspector General of Forests in Mysore to the Deputy Commissioners of Districts.

I have the honor to state that for the due protection and maintenance of such portions of forests as have been assigned to raiyats of particular villages for their exclusive and *local* use, at the settlement of Forests brought under reservation, it is very expedient that the assigned portions should be constituted as Village Forests under Section 4 of the Forest Rules of 1878, and gazetted in the form noted on the margin. I beg therefore you will be good enough to take early steps in the matter, noting against each block or portion of jungle the names of villages to which such block is assigned for obtaining wood and bamboo supplies for purposes connected with agriculture.

It will also be necessary to pass a few simple rules for the management of such assigned jungles, the main object being not only to prevent indiscriminate use of such jungles by the villagers to whom they have been assigned, but also to interdict the entrance of outsiders into such jungles for obtaining their supplies. I shall be obliged by your favoring me with a draft of the rules you wish to propose.

(2) Letter No. 717—73, dated the 14th September 1895, from the Inspector General of Forests to the Revenue Secretary to Government.

In continuation of my letter No. 523—53 of the 6th instant, I have the honor to submit for the information of Government copy of my Circular issuing further instructions to Deputy Commissioners on the subject of rules to be framed for the formation and management of Village Forests.

ENCLOSURE TO ABOVE.

From the Inspector General of Forests, to the Deputy Commissioners of Districts, No. 585-72—24, dated 9th September 1895.

In continuation of this office Circular No. 498-505—21, dated 4th instant, the Inspector General of Forests has the honor to request that in framing the rules for the formation of Village Forests, the following important points may be borne in mind.—

- (1) To provide for a portion of the forest being always closed for reproduction or for young growth to come on undisturbed by cattle.
- (2) To restrict and, if possible to remove the destructive right or privilege of collecting dead leaves for manure and to prevent excessive lopping. &c.
- (3) To provide for grazing in the open portions.
- (4) To locate the cutting of brush wood and inferior trees for fuel and fencing purposes.
- (5) To fix the number of trees to be cut in each year for building and other purposes, leaving the villagers to distribute this yield amongst themselves subject to Rajyats' Privileges Rules.

No. 3363-71—Ft. 203, DATED CAMP MYSORE, 25TH SEPTEMBER 1895.

ORDER THEREON.—The letters read above with their enclosures will be circulated to the Deputy Commissioners of Districts with a request that they will expedite the submission of the reports called for on the subject of the formation of Village Forests, having due regard to the further observations now made by Mr. Ricketts, and especially to his suggestion that the villagers in certain localities might be induced to raise Village Forests for themselves by sowing seeds of quick-growing trees in order to supply them with fuel as well as with wood for agricultural purposes.

2. The Inspector General of Forests will be so good as to submit a set of draft rules as early as practicable after the receipt of reports from Deputy Commissioners.

READ:—

Letter No. 724—77, dated 15th September 1895, from the Inspector General of Forests in Mysore, soliciting sanction to the entertainment of a permanent establishment at a cost of Rs. 240 per annum, for the trial Depôt established at Channapatna.

No. 3317-8—Ft. 203, DATED, CAMP, MYSORE, 22ND SEPTEMBER 1895.

ORDER THEREON.—The trial Depôt at Channapatna seems to have been opened only a few months before April last. The statement submitted by the Inspector General shows that after deducting the cost of collection and carting, the seigniorage and the establishment charges, the net income during the six months ending 30th April last was only Rs. 462. The Government are not prepared to sanction a permanent establishment until the popularity and usefulness of the Depôt should be fully demonstrated by larger sales and better realizations. The Inspector General will, therefore, be requested to await the results of another year, and re-submit his proposal at the beginning of the next official year. The additional watcher applied for on Rs. 5 per mensem will be sanctioned as a temporary measure, the cost being met out of the provision suggested by the Inspector General for which a re-appropriation statement should be submitted. The date from which the additional watcher is entertained should be reported.

PETITION.

Proceedings of the Government of Mysore,

READ :—

Petition No. 2169 of the 4th April 1895, from Krishnaganda of Halavalli, Chikmagalur Taluk, appealing against the order of the Deputy Commissioner, Kadur District, fining him Rs. 50 for removing bands.

2. Records received with docket No. 122 of 6th August 1895, from the Deputy Commissioner, Kadur District.

NO. PET.—727, DATED, 24TH SEPTEMBER 1895.

ORDER THEREON.—The Appellant has been convicted of an offence under Section 133 of the Land Revenue Code by the Deputy Commissioner of Kadur and fined in a sum of Rs. 50.

2. The Appellant is an undivided brother of the Khatedar, and there is no evidence directly connecting him with the act of removing the boundary stones, of which he has been convicted. There are two Mahazars on record which show that a little earth on one of the sides of an earthen boundary mark has been scraped off, and that a few stones are shaky. There is no other evidence oral or documentary to be found in the record. On a report received from the Amildar, the Deputy Commissioner ordered the matter to be brought up for his orders at the time of the Jamabandi, and on a statement prepared by the Amildar and placed before the Deputy Commissioner, he has recorded the order appealed against.

3. The Deputy Commissioner has noted that the Appellant failed to appear though he had notice to appear at the time of the Jamabandi, but no written notice properly served on the Appellant is to be found in the record.

4. Section 133 lays down a summary enquiry before a person can be convicted under that Section, and in Section 203 are to be found the details of the procedure designated a summary enquiry. In the record now before Government there is nothing to show the progress of this enquiry from time to time. Neither the Amildar nor the Deputy Commissioner has recorded the averments made by the parties or the material parts of the evidence. Such omissions are very material and should not be allowed to occur. Apart from this irregularity the record contains no proof at all against the Appellant, and it is not right to hold that because the Appellant did not show who meddled with the stones, he must have wilfully removed them himself. There is nothing to show where the stones ought to have been according to the Survey plan, and whether they were not in the right place.

5. The conviction under the circumstances cannot be upheld and the fine, if recovered, must be refunded.

6. It is noted with regret that the complaint in this matter, which was received in 1891, was not decided till 9th March 1895. The Amildar of the Taluk is seriously at fault for this long delay, and he must be censured. The Deputy Commissioner should, when examining the Taluk Registers, find out such pending cases, and insist on their prompt disposal.

C. SREENIVASIENGAR,
Revenue Secretary.

To—The Deputy Commissioner, Kadur District, with record.

Vernacular correspondence ending with Shimoga Deputy Commissioner's Rubkari No. 82, dated 23rd July 1895, regarding the succession to the Bhimanakatte Matt in Tirthahalli Taluk.

No. 416½—Muz. F. 102-92, DATED, BANGALORE, 14TH SEPTEMBER 1895.

ORDER THEREON—The Bhimanakatte Matt, in the Tirthahalli Taluk, is a Brahmin Matt of the Madhava community, and is endowed with extensive Inam lands from the State.

2. In the Vernacular correspondence read above, it is reported that Sri Raghu Pravira Tirtha Swami, the last priest of the Matt, died in April 1895, having previously selected one Raghu Bhushana Swami to succeed him. The Deputy Commissioner in recommending the selection for the approval of Government, reports that the newly elected Swami is in every way qualified and eligible for the vacant Guruship, he having received *Asrama*, about twenty years ago, at the hands of the deceased Guru, and been well trained in the performance of Puja and other religious services in the Matt.

3. Under the foregoing circumstances, the Government are pleased to accord their approval to the nomination of Raghu Bhushana Swami as Guru of the Bhimanakatte Matt in succession to the deceased Sri Raghu Pravira Tirtha Swami.

PUBLIC WORKS.

Proceedings of the Government of Mysore,

Read —

The following Note by the Chief Engineer, dated 18th July 1895, submitting the Preliminary Issue of the Public Works Budget Estimates for the year 1895-96.

The Budget Estimates for 1895-96 aggregate Rs. 31,98,156 against the final grant of Rs. 32,09,499 for 1894-95, the difference being due to the reduction of grant under District Fund Budget as sanctioned by Government in the General Department. Funds will be provided from the following sources :—

					Rs.
Provincial Fund.	{ Ordinary D. P. W. grant	...	..	15,00,000	
	{ Special grant	...	...	10,00,000	
District Funds	...	...	...	3,94,156	
Irrigation Cess Fund	...	...	...	3,00,000	
			Total	...	31,98,156

PROVINCIAL FUND.

2. In view of the impending enhanced subsidy payable by the State from 1896-97 the ordinary grant from Provincial Revenues has been reduced from 25 to 15 lakhs from the current official year, in Dewan's Forecast Programme of 28th June 1894. But a special grant of 10 lakhs per annum has been given in addition, from the Surplus Fund, for seven years from 1895-96, to carry out certain extraordinary works detailed in that Programme. The total for 1895-96 will thus be 25 lakhs, which will be distributed as follows :—

				Ordinary Grant. Rs.	Special Grant. Rs.
Original Works	...	...	...	8,14,000	8,00,000
Repairs	...	...	...	3,85,000	...
Establishment	...	...	...	2,88,560	1,92,000
Tools and Plant...	...	...	...	12,410	8,000
			Total	...	15,00,000
				...	10,00,000

The distribution of these grants by service heads is given in the abstract pages 2 and 3 of the Budget

3. *Original Works (ordinary).*—Under "*Military*," a sum of Rs. 50,000 has been provided, with the approval of the Military Secretary, for 4 incomplete works of past year, and 4 new works, with the usual reserve grant for minor works of this class. No provision has been made for the construction of lines for the Imperial Service Corps and Transport Service at Bangalore, for which a special allotment will be necessary, as funds for such a large work cannot be made available from the reduced ordinary grant. Application for this special allotment will be made as soon as the question of compensation for lands to be acquired, now under investigation by Revenue Department, is settled.

4. *Civil Buildings.*—The grant under this head is 1½ lakhs against 2½ lakhs of the previous year. Of this amount Rs. 39,000 have been allotted for finishing off 14 incomplete works; Rs. 75,500 for 25 new works; and the balance Rs. 35,500 for minor works in progress and to be sanctioned during the year. The principal new works brought forward in this Budget are:—(1) Construction of office for Dewan's clerks, Fern Hill, Ootacamund, (2) Constructing quarters for the Principal of the Central College, Bangalore, (3) Constructing Record room, dis-trained property godowns, and enclosing the Courts at Mysore by an ornamental railing, (4) Constructing lines for the Reserve Police Force at Mysore, (5) Constructing a new Taluk Cutcherry at Kadur, (6) Extending the Taluk Cutcherry at Arkalgud to accommodate the Sub-Registrar's office, and (7) Constructing Public Works office and quarters for subordinates at Mudgere. All the above works were en-

tered in last year's Final Budget (which received the approval of Government) with the exception of No. (7). The Executive Engineer represents that much inconvenience is being felt by the Public Works staff at Mudgere for want of accommodation for the office and officials. The present arrangement of locating the officials in the Musafir-khana and holding office there is only temporary, and cannot be continued longer, as it causes inconvenience to the travellers for whom the building has to be reserved.

Provision has been made for the construction of Female Dispensaries at the District head-quarters of Kolar, Chitaldrug, Mysore and Shimoga, and for 4 new Dispensary buildings brought forward from the last year's Budget; also for the construction of a separate Dispensary room in the compound of the Civil Hospital at Shimoga, the necessity for which has been strongly urged by the Senior Surgeon during the past two years.

Of the sum of Rs. 35,500 reserved for minor works, Rs. 13,500 will be given for new Police Stations and lines, in addition to Rs. 16,500 allotted for major works of this class detailed in Part I of Budget, and the balance will be utilized on works of general utility and in finishing off the several incomplete works of previous years not specially provided for.

5. Under "*Communications.*" Rupees 94,000 have been provided. Of this

1. Improving gradients on Shimoga-Mangalore road.

2. Improving Bangalore-Honnavar road between 117th and 120th miles.

3. Constructing Musafir-khana at Perispatam.

4. Do do at Saklespur.

5. Travellers' Bungalow at Shikarpur.

amount, as much as Rs. 67,500 have been absorbed by the incomplete works of previous years, of which the bridging of the Cauvery at Yedatore is the principal. Rs. 10,000 will be required for the marginally noted new works proposed by Executive Engineers, who consider them to be absolutely necessary in the interest of traffic and travellers.

For the completion of the large number of unfinished minor works of the past official year, and for new petty works that may be found necessary, a sum of Rs. 16,500 has been reserved for the whole Province.

6. Under "*Miscellaneous Public Improvements,*" the construction of the Lansdowne Bazaars at Mysore, an incomplete work of the previous year, is the only large item provided for under this head, with an allotment of Rs. 15,000. The reserve grant of Rs. 5,000 will be required for finishing off the several works in progress in connection with Mysore City improvements.

7. Under "*Irrigation,*" 5 lakhs have been provided from Provincial grant of which Rs. 3,87,000 have been absorbed by the incomplete works of previous years. A sum of Rs. 1,09,500 is required for proposed 48 new works, all of which are detailed in Part I of Budget, pages 21 to 35.

The important new irrigation works to which large allotments have been assigned for expenditure during the year are:—

Bangalore Division.—Restoration of Thatamachenhalli tank, Rs. 15,000.

Kolar Division.—Opening out left bank channel of Ramasamudram tank, Rs. 10,000.

Tumkur Division.—The Chiksandra tank Rs. 10,000, and Kythagankere, Rs. 10,000.

Chitaldrug Division.—The Vaduvalli new tank, Rs. 12,000.

Mysore Division.—Ramasamudram tank, Rs. 10,000.

French Rocks Division.—Constructing aqueduct at 23½ mile of Chikdevarsagar channel for diverting the Herode tank drainage, Rs. 10,000; Hosaholalu large tank Rs. 20,000; Ballur Dawankere, Rs. 10,000; Kadalgere-Hankere, Rs. 10,000; and Kalhalli anicut, Rs. 10,000.

Shimoga Division.—Sulikere tank and channels, Rs. 22,000.

Hassan District.—Shankathirtha anicut and channels, Rs. 12,000; north Sriramadivar channel extension, Rs. 12,000; and Badaganhalli tank, Rs. 15,000.

Kadur Division.—Kukeandra tank, Rs. 15,000; and Bannur anicut and channels, Rs. 10,000.

The allotments required for the marginally noted works have been given from the special grant, it having been found impossible to provide for them from the reduced ordinary grant.

1. Improving and extending Hulhalli channel.

2. South Sriramadivar channel extension.

A small sum of Rs. 3,500 has been reserved for remunerative minor irrigation works that may be undertaken during the year.

REPAIRS.

8. The grant under this head stands at Rs. 3,85,000, and is distributed as follows :—

	R.
Military	5,000
Civil buildings	60,000
Communications	3,15,000
Miscellaneous public improvements	5,000

The usual provision under the first head has been adhered to. The amount allotted under the second head is based on the average outlay of past years, while those under "Communications" and "Miscellaneous Public Improvements" have been kept at Rs. 3,15,000 and Rs. 5,000, respectively, which are the same as for 1894-95. Of the provision under "Communications" Rs. 2,64,100 are required for the maintenance of 1,769 miles of Provincial roads detailed in Budget, pages 46 and 47, and the balance Rs. 50,900 for the special repairs of roads including bridges, &c., also for the up-keep of first and second class 'Travellers' Bungalows and Inspection Lodges throughout the Province.

The mileage allotments for the marginally noted roads have been slightly

Kolar Division.

1. Bangalore-Hindupur road, allotment increased from Rs. 120 to 150.

Mysore Division.

2. Madras-Cannanore road, mileage allotment increased from Rs. 150 to 200.
3. Bangalore-Nilgeri road, allotment raised from Rs. 180 to 200 a mile.
4. Mysore-Yelwal road, mileage grant increased from Rs. 150 to 200.
5. Mangalore road *via* Mercara, grant increased from Rs. 150 to 200 a mile.
6. Nanjangud-Hassanur Ghat road, allotment increased from Rs. 70 to Rs. 100.

Hassan Division.

7. Mudgere-Belur road *via* Gonibid, mileage allotment increased from Rs. 120 to 150.

increased, the same having been found necessary for their proper maintenance, the existing allotments having proved insufficient owing to the roads being subject to very heavy traffic, and the prices for labor having risen

The provision under "Miscellaneous Public Improvements" is required for the annual maintenance of Sankey's reservoir in Bangalore, the Kukarhalli reservoir in Mysore, and for other works of this class elsewhere.

SPECIAL GRANT.

9. Of the special grant of 10 lakhs, 2 lakhs have been set aside for establishment and tools and plant, and the balance has been distributed among the extraordinary works mentioned in para 4 of Dewan's Forecast Programme.

Provision has also been made from the grant, as already stated in para 7, for improving and extending the Hulhalli channel, Sriramadivar south channel extension, and construction of bridge at Tudsia, as funds for these important works could not be made available from the reduced ordinary grant.

The Executive Engineer, Hesserghatta Division, and the Sanitary Engineer,

1. Hesserghatta water-supply works.
 2. Distribution of water to the City of Bangalore from the Hesserghatta tank.
 3. Water-supply to the City of Mysore by pumping from the Cauvery by means of waterpower.
 4. Additional distribution of water pumped from the Cauvery to the Mysore City.
- have applied for an allotment of Rupees 8,33,000 for the water supply works noted in the margin; but it has not been possible to allot more than Rs. 5,00,000 for them. If more funds are required hereafter separate application for same will be made. These works which are provided in Sanitary Works Budget of 1894-95 will be eliminated from that Budget for 1895-96.

DISTRICT FUND BUDGET.

10. The grants sanctioned by Government in the General Department for District Fund works to be carried out by Public Works Department aggregate Rs. 3,94,156. The distribution of the amount by service heads and divisions is given in the Abstract, pages 8 and 9.

IRRIGATION CESS FUND.

11. The total assests under Irrigation Cess proper available for expenditure during 1895-96 are estimated at Rs. 5,72,033 as intimated by the Comptroller. The grant for this Budget has been fixed at 3 lakhs against Rs 2,84,000 for 1894-95.

The entire grant will, in accordance with the sanctioned arrangement, be devoted, (1) towards the restoration of irrigation works to secure the present revenue, (2) towards repairs of masonry works of such tanks as have been brought up to standard by raiyats, (3) towards annual maintenance of the 880½ miles of river channels in Mysore and Hassan Districts, and (4) towards the cost of establishment of Tank Inspectors employed in connection with the minor tanks reaturation scheme. Of the grant of Rupees 3 lakhs alluded to above, 1 lakh has been allotted under original works, Rs. 1,98,000 under repairs, and Rs. 12,000 under establishment.

A list of sanctioned major irrigation works now in progress under this fund is annexed to the Budget, pages 42-43.

ESTABLISHMENT.

12. The grant under this head is the same as that for 1894-95, namely, Rs. 5,60,000. The details regarding establishment will be found in Part 3 of Budget, pages 58 to 62. The establishment charges are 17.5 per cent on the total grant of Rs. 31,93,156 or 21.2 on grant for works alone. The distribution of the charges to Provincial and District Fund Budgets is Rs. 4,80,560 and Rs. 67,440, respectively.

Under "Direction" no deduction is made on account of the time and labor of Secretary and Assistant Secretary given to "Railways," as it would be difficult to allot the proportions of salaries fairly debitable to each of the two different P. W. services.

GENERAL REMARKS.

13. Under "Palace Fund," a sum of Rs. 4,000 is required for minor works in connection with the Palace at Bangalore, and for the annual repairs of the buildings during 1895-96.

No. 869-98-4824-53.

Dated, Bangalore, 12th September 1895.

ORDER THEREON.—The Preliminary Issue of the Public Works Department Budget for 1895-96, received with the note above, is sanctioned subject to the following remarks.

2. Arrangements shall be made for the future issue of the Preliminary Budget not later than the 1st May preceding the year budgetted for. It was explained by the Chief Engineer that the late preparation of the Budget, as a whole, was due to unavoidable delays in the submission of the several District Fund Budget Estimates, which hitherto had to be embodied with the Public Works Budget proper. In future it will be sufficient to include in the Preliminary Issue merely approximate totals which will be supplied to the Public Works Department by the Local Fund Department for each District, leaving the details to be shown in the Final Budget.

3. Likewise the total funds available under "Irrigation Cess," can be ascertained from the Comptroller before the 1st May and can be distributed by the Chief Engineer.

4. In the matter of the "Establishment Charges" against District Fund Works, it is observed That the percentage varies considerably in the different Divisions, and therefore in some cases presses unfairly on the amounts available for works and repairs. In future, it is desirable that a uniform establishment charge of $17\frac{1}{2}$ per cent of the total District Fund Works grant should be adopted for each Division. In the Final Budget these charges should be modified accordingly. The Irrigation Cess Fund should bear a similar percentage charge, in addition to the Rs. 12,000, the pay of the Tank Inspectors, debited against this head of service.

By Order,
C. BOWEN, *Colonel*,
Secretary, to Govt., P. W. Depart.
